

Wish you were here.

Physicians new to our system often marvel at being able to practice state-of-the-art medicine in an academic setting - at one of the largest physician group practices in the United States - yet live where people actually know their neighbors by name. Perhaps this is why the care and compassion of our physicians and support staff extends into the family-oriented communities in which they live and serve.

Currently, we're seeking BC/BE physicians in the following specialties: **General OB/GYN** - Wausau Center; **Maternal Fetal Medicine** - Marshfield Center.

- Well established EMR accessed with mobile PC at point of service
- Internet access to online medical databases, texts, and medication references
- State-of-the-art facilities
- Single hospital affiliations
- Level III NICU at Marshfield Center
- Full or part time will be considered for MFM

Please contact: Mary Treichel, Physician Recruitment, Marshfield Clinic, 1000 N. Oak Ave., Marshfield, WI 54449. **Phone:** 800-782-8581, extension 15774; **Fax #:** 715-221-5779; **E-mail:** treichel.mary@marshfieldclinic.org **Website:** www.marshfieldclinic.org/recruit; **Facebook:** www.facebook.com/marshfieldclinicphysrec

Marshfield Clinic is an Affirmative Action/Equal Opportunity employer that values diversity. Minorities, females, individuals with disabilities and veterans are encouraged to apply. Sorry, not a health professional shortage area.

**Marshfield Clinic**

## PRODUCT UPDATE

### PSI BANDS—DRUG-FREE RELIEF FROM NAUSEA OF PREGNANCY AND CHEMOTHERAPY

**Psi Health Solutions** recently introduced **Psi Bands** (pronounced “Sigh Bands”) that offer a noninvasive, drug-free option for the relief of nausea due to morning sickness, chemotherapy, anesthesia, and motion sickness. **Psi Bands** are worn on both wrists and provide acupressure to stimulate the body’s natural self-curative abilities; scientific studies support the use of wrist acupressure for the relief of nausea. According to the manufacturer, they are adjustable, comfortable, waterproof, reusable, affordable, and fashionable. ■

### LABOR PRO ASSESSES LABOR PROGRESSION AND IMPROVES MATERNAL AND FETAL CARE

**Trig Medical** has introduced the **LaborPro System**, a labor and delivery progression management system that provides noninvasive, ultrasound-based, accurate assessment of critical parameters. By uniting ultrasound imaging with position tracking, **LaborPro** provides the objective information and three-dimensional representations necessary to accurately assess labor progress and improve maternal and fetal care. The manufacturer reports that, by reducing the need for manual exams during labor, **LaborPro** improves patient comfort and mitigates the risk of infection to mother and baby. ■

### AZZLY ONE-CLICK EHR IS AFFORDABLE, SCALABLE, AND WEB-BASED

The **AZZLY One Click Patient Management EHR** offers a Web-based, fully integrated electronic health record operating platform for the health-care industry. **AZZLY** says that its **One Click** streamlines and integrates the operations of physician practices and ambulatory clinics from check-in to check-out. The system can be easily scaled to meet the needs of small practices and multi-facility organizations. Integrated features and capabilities allow clients to adopt an EHR system that is client-driven, easy to use, and affordable. **AZZLY** has been certified as a HHS Complete EHR and is a CMS qualified vendor. ■

### GE HEALTHCARE ANNOUNCES INITIATIVE TO IMPROVE BREAST CANCER DETECTION

**GE HEALTHCARE** announced its “healthymagination” initiative to invest \$1 billion over the next five years on research and development programs to expand its advanced technologies and solutions for cancer detection and treatment, beginning with breast cancer. The program will have global outreach in partnership with Susan G. Koman for the Cure to develop programs to bring the latest breast cancer technologies to more women in the US and around the world. Initial plans include providing mobile mammography in rural places like Wyoming, Saudi Arabia, and China. ■
