

PRODUCTS

Head Lice Gel

LiceMD is a pesticide-free gel designed for use against head lice, including eggs and nits. The gel contains the synthetic lubricant dimethicone, and it is odorless and hypoallergenic. The gel is sold together with a specially designed comb for maximum effectiveness. For more information, contact Combe Inc. by visiting www.LiceMD.com.

Daily Moisturizer Plus SPF 20

A new daily moisturizer with SPF 20 from SkinMedica has natural antioxidants and a tissue nutrient formula exclusive to SkinMedica. Suggested retail price for TNS Ultimate Daily Moisturizer + SPF 20 is \$80. For more information, visit www.skinmedica.com.

Poisonous Plant Identification

The "Poisonous Plant Poster" is now available to help patients identify poison ivy, poison oak, and poison sumac. The self-adhering poster and tear pads containing 25 individual handout sheets are available at no cost by calling Ferndale Laboratories Inc. at 877-352-6295.

Environmental Defense SPF 30

Environmental Defense Sunscreen SPF 30+ from SkinMedica is oil and fragrance free. It is long lasting and includes ingredients such as caffeine, green tea extract, and hyaluronic acid. The suggested retail price is \$40. For more information, visit www.skinmedica.com.

Germicidal Cloth Wipes

Sani-Cloth Plus germicidal disposable cloth wipes are now available as individual packets. The wipes feature a low-alcohol formula (14.85%), are latex free, and come in two sizes: large (5 by 8 inches)

and extra large (11.5 by 11.75 inches). They kill respiratory syncytial virus in 1 minute; HIV-1 and hepatitis B virus in 2 minutes; and TB, MRSA, *Staphylococcus aureus*, and *Salmonella choleraesuis*. For more information, contact Professional Disposables International Inc. by visiting www.pdipi.com.

Skin Type Test

The SensiTest is a brief diagnostic questionnaire that identifies different subtypes of sensitive skin: intolerant, redness prone, or dehydrated. Questions address skin reactions to both internal and external stimuli. The tool then suggests an appropriate skin care regimen and skin care products based on the individual's subtype. For more information, contact La Roche-Posay by visiting www.laroche-posay.com.

Cleansing Lotion for Sensitive Skin

Gabriel Couzian Face Wash Cream for Sensitive Skin is a gentle cleanser for skin damaged by dryness, age, acne, or the environment. It is soap free. Ingredients include olive oil, cetearyl glucoside, vitamin E, and pure water. The price is \$40.00. For more information, contact Gabriel Couzian-USA by calling 888-714-4888.

Topical Anesthetic Foam

Anestafoam (lidocaine 4%) foam is available for patients to use for the temporary relief of pain due to minor cuts, abrasions, irritations, and burns. The foam is moisturizing to encourage patient compliance. Anestafoam comes in a child-resistant, 30-g aerosol can. The manufacturer intends to sell Anestafoam primarily to health care practitioners, but it also will be available at retail drugstores. For more information, contact Onset Therapeutics by calling 866-213-8975.

Treatment for Skin Around the Eyes

Controlled-Release Eye-Specific MDT5 slowly infiltrates the skin to moisturize it and reduce fine lines, wrinkles, puffiness, and discoloration around the eyes. Ingredients include MDT5, which is a mixture of five vitamin-protein complexes that slowly release vitamins into the skin; spirulina extract; hydrolyzed rice bran extract; and soy peptides. The price is \$72.00. For more information, visit www.sommeinstitute.com.

At-Home Light Therapy System

The Tända professional skin care system allows patients to supplement in-office light treatments at home. The system is available only by prescription, and includes Tända Clear, a 414-nm blue LED treatment that kills *Propionibacterium acnes*, and Tända Regenerate, a 660-nm red LED treatment that stimulates collagen production. For more information, contact Pharos Life Corp. by calling 877-651-1177.

Recovery Moisturizer

The Hydra-Recovery moisturizer combines vitamin E, selenium, and a unique thermal dermobioc formula designed to promote recovery and provide extra hy-

dration for fragile skin after cosmetic procedures. The thermal dermobioc complex protects collagen fibers and stimulates cell regeneration. For more information, contact La Roche-Posay by visiting www.biomedic.com.

Medical Waste Treatment

The medical waste machine uses heat to sterilize waste, including sharps, thereby converting potentially biohazardous waste to ordinary waste. The machine saves medical practices the expense of employing a medical waste hauler. For more information, contact Medical Innovations Inc. by calling 866-223-5858 (PIN 3010) or 508-358-8099.

No-Rinse Skin Cleanser

Avène gentle cleanser for intolerant skin uses a soap-free formula to cleanse skin and dissolve makeup, with minimal irritation. It is fragrance free, hypoallergenic, and suitable for the eye area. The cleanser contains Avène thermal spring water and plant-derived cleansing agents. For more information, contact Pierre Fabre Dermo-Cosmétique USA by calling 866-412-8363.
