Onexton

Valeant Pharmaceuticals International, Inc, announces US Food and Drug Administration approval of Onexton Gel (clindamycin phosphate 1.2% and benzoyl peroxide 3.75%) for the once-daily treatment of comedonal and inflammatory acne in patients 12 years and older. This dual-action topical therapy has a favorable cutaneous tolerability profile and contains no surfactants, alcohol, or preservatives. Onexton is expected to launch in early 2015. For more information, visit www.valeant.com.

Physical Eye UV Defense Sunscreen

SkinCeuticals presents Physical Eye UV Defense Sunscreen that provides broad-spectrum SPF 50 protection without migrating into or irritating the eyes. Physical Eye UV Defense unifies natural skin tone around the eye and provides a translucent universal tint. It should be applied around the entire eye area and is optimized for application under makeup. It also can be used following hyaluronic acid filler and botulinum toxin injections. SkinCeuticals products are physician dispensed. For more information, visit www.skinceuticals.com.

Refining Mineral Mask

Revision Skincare introduces the limited edition Refining Mineral Mask, a warming mask to reduce the appearance of pores and leave skin

looking refined. It contains kaolin to purify the complexion, pumpkin enzymes to gently exfoliate skin, zeolite to provide an extra boost of radiance with its warming effect, and vitamin E microspheres to condition skin. Revision Skincare products are available exclusively through dermatologists, plastic surgeons, and medical spas. For more information, visit www.revisionskincare.com.

Resveratrol B E

SkinCeuticals launches Resveratrol B E, an intensive antioxidant night concentrate that boosts the skin's endogenous antioxidant defense system, which loses efficiency with age and accumulated damage. It works by neutralizing age-accelerating internal free radicals, strengthening functionality to resist new damage, and promoting skin's natural repair to diminish the signs of accumulated damage. Resveratrol B E corrects signs of photodamage, loss of firmness and radiance, poor elasticity, and fine lines and wrinkles. SkinCeuticals products are physician dispensed. For more information, visit www.skinceuticals.com.
